

## Technical data sheet

### Blue strapping tape

#### Main Applications:

Palletising, belting of components, bundling and closure application. Preserve glass panels during storage and transportation.

#### Features:

- good tensile strength with low elongation
- Highly heat and cold resistant.
- Residue free removal

#### Technical Data:

Backing material	MOPP
Total thickness	62 µm
Type of adhesive	natural rubber
Adhesion to steel	4 N/cm
Elongation at break	35%
Tensile strength	180 N/cm
Dimensions	25 mm (Width) x 50 m (Length)
